Drug-Free Workplace Requirements For Campus-Based Schools

A school that participates in the Campus-Based Programs must take certain steps to provide a drug-free workplace, including 1) establishing a drug-free awareness program to provide information to employees, 2) distributing a notice to its employees of prohibited unlawful activities and the school's planned actions against an employee who violates these prohibitions, and 3) notifying the Department and taking appropriate action when it learns of an employee's conviction under any criminal drug statute.

DRUG AND ALCOHOL PROGRAM

At this time we have 0% crime.

Sandra Academy of Salon Services publishes and distributes annually to all current students and employees a copy of the Drug and Alcohol Abuse Prevention Program. Below are the details related to this topic.

Drug And Alcohol Abuse Prevention

Drug abuse affects all aspects of American life. It threatens the workplace, our homes, our schools, and our community. The U.S. Department of Education requires institutions of higher education to implement a drug prevention and awareness program for their students and employees through the Safe and Drug-Free Schools and Communities Act. All students are expected to conduct themselves as mature adults and as members of an academic community. The consumption of alcohol or drugs while attending class is prohibited and may be subject to disciplinary action.

Standards Of Conduct

The School community must adhere to a code of conduct that recognizes that the unlawful manufacture, sale, delivery, unauthorized possession or use of any illicit drug is prohibited on property owned or otherwise controlled by Sandra Academy of Salon Services. If an individual associated with the School is apprehended for violating any drug- or alcohol-related law when on School property, or participating in a School activity, the School will fully cooperate with all law enforcement agencies. Underage possession or consumption of alcoholic beverages is not permitted on property owned or controlled by the School and the state laws will be enforced. Intentionally or knowingly selling, or intentionally or knowingly furnishing alcoholic beverages to persons under the age of 21, or to persons obviously inebriated, is not permitted on property owned or controlled by the School.

Health Risks Associated With The Use Of Illicit Drugs And The Abuse Of Alcohol

Moderate to high doses of alcohol cause marked impairments in higher mental functions and the loss of memory. High doses of alcohol can cause respiratory depression and death. Long-term consumption, particularly when combined with poor nutrition, can also lead to dependence and permanent damage to vital organs such as the brain and the liver. Physical effects of drugs include increased heart rate, bloodshot eyes, dry mouth and throat, and increased appetite. The use of drugs may impair or reduce short-term memory and comprehension, alter sense of time, and reduce the ability to perform tasks requiring concentration and coordination. Motivation and cognition may also be altered making the acquisition of new information difficult. As one can see from the above, there are major health risks associated with the use of illicit drugs and the abuse of alcohol.

Federal Financial Aid Penalties For Drug Violations

Federal guidelines focus strongly on illicit drug use and distribution. The Higher Education Opportunity Act states students convicted of an illicit drug violation can be denied federal financial aid for a specific period, in addition to other legal penalties. The Free Application for Federal Student Aid (FAFSA) asks students if they have been convicted of a drug-related offense: "Have you ever been convicted of possessing or selling illegal drugs?" If you answer "yes," Sandra Academy of Salon Services, will send out documentation prior to the student taking the State Board Examines. Failure to answer the question automatically

disqualifies students from receiving federal financial aid. Answering this question falsely could result in fines up to \$20,000, imprisonment or both.

Penalties For Drug Convictions

If the student was convicted of both possessing and selling drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

Possession of Illegal Drugs

- For a first offense, a student loses eligibility for federal financial aid for one year from the date of conviction.
- For a second offense, a student loses eligibility for federal financial aid for two years from the date of conviction.
- For a third offense and subsequent offenses, a student has indefinite ineligibility for federal financial aid from the date of conviction.

Sale of Illegal Drugs

- For a first offense, a student loses eligibility for federal financial aid for two years from the date of conviction.
 - For a second offense and subsequent offenses, a student has indefinite ineligibility from the date of conviction.

Other Potential Federal Penalties For Drug Violations

Some other potential federal penalties and sanctions applicable to drug-related offenses include:

21 U.S.C. 844

1st conviction: Up to 1-year imprisonment and fined at least \$1,000, or both.

After 1 prior drug conviction: At least 15 days in prison, not to exceed 2 years and fined at least \$2,500, or both.

After 2 or more prior drug convictions: At least 90 days in prison, not to exceed 3 years and fined at least \$5, or both.

Provisions relating to increased penalties in cases of certain serious crack possession offenses, making offenders subject to fines under Title 18 or imprisonment to terms not less than 5 years and no more than 20 years, or both. Possession of flunitrazepam shall be imprisoned for not more than 3 years, shall be fined as otherwise provided in this section, or both after mixture or substance exceeds 1 gram.

21 U. S. C. 844a

Civil fine up to \$10,000

21 U. S. C. 847 Additional Penalties

Any penalty imposed for violation of this subchapter shall be in addition to, and not in lieu of, any civil or administrative penalty or sanction authorized by law.

21 U. S. C. 854 Investment of illicit drug profits

Whoever violates this section shall be fined no more than \$50,000 or imprisoned not more than 10 years, or both.

21 U. S. C. 862

- a. Drug Traffickers - Denial of Federal benefits, such as student loans, grants, contracts, and professional and commercial licenses, up to 5 years for the first offense, up to 10 years for second and permanently ineligible for subsequent offenses.
- b. Drug Possessors – 1st offense is up to 1 year and 2nd and subsequent offenses are up to 5 years.
- c. Suspension of period of ineligibility (A) (B) (C)

21 U. S. C. 862a

Denial of assistance and benefits for certain drug related convictions, i.e., state program funded under the Social Security Act or food stamp program or state program under the Food Stamp Act.
